Tare Weight: 28,950 lbs

All sizes are approximate

At Adler Tank Rentals, we are committed to providing safe and reliable containment solutions for all types of applications.

Combined with our standard smooth-wall construction and sloped V bottom for ease of cleaning, the 21,000 Gallon Closed-Top External Manifold Frac Tank is a top-performing liquid storage solution. It boasts a wide array of safety features including a safety side stairway, non-slip materials on all climbable surfaces and "safety yellow" rails for high visibility.

Mechanical Features

- Epoxy-lined interior
- 3" fill line
- Three (3) standard 22" side-hinged manways
- Three (3) 4" valved fill/drain ports, including one (1) front bottom, one (1) rear bottom, and (1) front mid-height
- 4" vent with 1 lb pressure/4 oz vacuum pressure relief valve
- Sloped and V bottom for quicker drain out and easier cleaning
- Easy-to-clean design with smooth-wall interior, no corrugations and no internal rods
- Meets Cal/OSHA guidelines
- Fixed rear axle for increased maneuverability
- One (1) front and one (1) rear 4" valved fill/drain port
- Two (2) top connection ports for vapor recovery

21,000 Gallon Closed-Top Frac Tank
