

## Tank Manifold

Height: 30"  
Width: 46"  
Length: 70"

*All sizes are approximate*

At Adler Tank Rentals, we are committed to providing safe and reliable containment solutions and accessories for all types of industry applications.

Our carbon steel tank manifolds are a convenient accessory that can be used to manifold tanks together and provide multiple discharge outlets. Valves can be added to each discharge outlet so that each outlet can be operated independently. They are skid mounted with forklift pockets for ease of transportation and handling.

### Mechanical Features

- Butterfly valves to control flow
- 8" or 6" Inlet
- 8" Flange or 6" Female Camlock
- Six (6) 4" Outlets valved Male Camlock
- Flanged
