18,000 Gallon Gas Buster Tank
(Available in selected locations)

At Adler Tank Rentals, we are committed to providing safe and reliable liquid and solid containment solutions for all types of applications.

Designed to be used when elevated levels of gas venting are necessary, the Gas Buster Tank decelerates the flow of gas and fluids, averting hazardous electrical charges.

Outfitted with a complete set of safety features, including a built-in stair and walkway, safety decals and nonslip step materials on all climbable surfaces, the Gas Buster Tank prevents blasts and keeps the job site safe.

**Mechanical Features**
- 3" fill line
- Three (3) 22" side-hinged dual manway housing
- One (1) front 4" valve fill/drain port and one (1) rear for low point drain out
- Easy-to-clean design with smooth-wall interior, no corrugations and no internal rods
- Front-mounted ladder well for top access
